

Alytes, 2009, **27** (2): 72.

Erratum

In pages 44 and 59 of the article quoted below, an unfortunate mistake has resulted in an inversion between two paragraphs giving the entexognoses of two tribes of the family *PLEURODELINAE*. The authors are grateful to Jean-Michel Collet for pointing out this error. The correct texts are given below.

Page 44:

Tribus *MOLGINI* Gray, 1950

Nucleogenus. – *Molge* Merrem, 1820: 166, by original specific monophory.

Entexognosis. – The most inclusive holophyletic taxon including the species *Triturus cristatus* (Laurenti, 1768) and excluding the species *Pleurodeles waltl* (Michahelles, 1830).

Page 59:

Tribus *PLEURODELINI* Tschudi, 1838

Nucleogenus. – *Pleurodeles* Michahelles, 1830: 195, by implicit etymological designation.

Entexognosis. – The most inclusive holophyletic taxon including the species *Pleurodeles waltl* (Michahelles, 1830) and excluding the species *Triturus cristatus* (Laurenti, 1768).
